

Efficiency

Technology Tools for Distribution Success

**Efficient order capture and tracking... Fast, accurate pricing....
Tight inventory control....Outstanding customer service....**

As you know, that's just some of what it takes to be successful in today's highly competitive food-distribution business.

FoodERP, the integrated software package from Labyrinth Business Solutions, can help you achieve all that and more. FoodERP allows you to quickly respond to your customers' needs, improve productivity and efficiency, boost service, and reduce your cost of doing business.

FoodERP is a complete solution that allows you to manage virtually all aspects of your operation. With it, you can analyze the business data you want, the way you want—with flexible data views, graphical performance indicators, the ability to drill down into data, and customizable reporting capabilities. With FoodERP you can improve delivery times, achieve solid inventory control with lot tracking, establish flexible pricing, track products from manufacturer to shelf and manage product shelf life, view customer pricing history, and much more.

Software That's Powerful and Easy to Use

With FoodERP you no longer have to be a large organization to enjoy the big-league advantages of powerful, business-driving software. No matter if you have a small, networked system or a large client/server solution, you can easily customize FoodERP to meet your specific needs.

Using Microsoft Dynamics™ NAV technology, FoodERP provides a familiar graphical "look" that's easy to understand and easy to use. This software is designed to help growing small and midsize companies like yours improve efficiency and customer service. It's easy to implement, learn, customize, and maintain, with minimal disruption to your business.

You or your employees simply enter information once and it quickly becomes accessible to everyone who needs it. That means you can focus your energy on managing your business, serving your customers, and increasing your profitability.

Key Benefits:

FoodERP can help your company:

- ▶ Capture orders quickly, accurately, and electronically—with no need to handwrite them!
- ▶ Establish flexible pricing and easily view customer pricing history.
- ▶ Address regulatory compliance requirements through instant access to data.
- ▶ Easily maintain always-accurate inventory data.
- ▶ Improve delivery efficiencies by accurately tracking and managing deliveries.
- ▶ More accurately forecast customer demand by easily examining past sales history, product trends, seasonality, and current inventory levels.
- ▶ Save time and money through easy access to information and streamlined business processes.
- ▶ Improve customer service by using customer history order guides, customer-defined standard orders, and other insightful tools.
- ▶ Process sales and inventory transactions from remote locations using handheld devices/PDAs, laptops, or tablet PCs.
- ▶ Reduce employee workload and eliminate redundant efforts through automated processes.

Commitment

Labyrinth Business Solutions: Dedicated to Food Industry Success

At Labyrinth Business Solutions our primary objectives are to make it easier for you to focus on your core business, to strengthen your competitive advantages, and ultimately, to make your business more profitable. We are committed to the proposition of excellence and delivering value to you, our customers, at every step of our relationship.

Our Focus is on You

When you make Labyrinth your business-software partner, you benefit from:

- ▶ **A commitment to the industry.** With more than 30 years of food-distribution experience, we understand the industry, speak your language, and appreciate the challenges you face every day. As a result, we developed our software, FoodERP, with your unique needs in mind and exclusively for the food-distribution industry. That means it works the way you want it to work.
- ▶ **An exclusive software focus.** We focus exclusively on developing and configuring FoodERP to help your business succeed.
- ▶ **Our focus is on your success.** At Labyrinth, we run our business with a simple philosophy: "It has to make sense." That statement is our pledge that we will take the time to get to know your business, your systems, and, yes, even your competitors—and then recommend only the right software for your needs.
- ▶ **High-quality employees.** We employ only seasoned professionals who are tops in their field in the areas of project management, programming, process-flow, and business analysis. Plus we make continuing and substantial investments in training and certification to ensure that our dedicated consultants provide you with service that is second to none.

Put FoodERP to Work for You!
